Is it time to say bye-bye to that ugly kitchen or bath? Introducing a Fixed-Rate Home Improvement Loan.

There's no place like home when you're looking for extra cash. And, what could be better than a home equity line of credit at a fixed rate? Most programs are offered at a variable rate that can change over the course of your loan. Our new fixed-rate option keeps your interest rate low and safe from any future increases.

Use the equity you have built-in your home to accomplish everything on your wish list. Remodel, renovate, or add a roomful of new furniture just in time for holiday celebrations.

Give your home a little love with these great features:

- Line of credit amounts up to \$50,000
- Up to 90% of your available home's equity
- Generous draw period and repayment term

Is it time to say bye-bye? Then it's time to apply while interest rates are low. Contact our lending department today at 602-252-6831.

NMLS #799641

Get ahead of the season. Make sure you have everything you need this holiday. And if you need extra money to make it merry, this special rate will add a little more jingle to your wallet.
