- A pre-approval puts you in a cash position for better bargaining power
- Our low rates and flexible terms make monthly payments affordable
- Extended Warranty and GAP is available at low-cost

MariSol Secured PPP Relief for Small Businesses

MariSol funded a total of \$4.5 million in SBA Paycheck Protection Program (PPP) Loans for our community. We are proud to have helped 156 businesses! That's an average loan of \$27,500!

These small businesses are the staple of our local economy. They sorely needed the help to survive the devastation brought on by the pandemic shutdown.

PPP loans were designed to be forgiven if borrowers met the requirements for using the funds primarily to support payroll. It was a very scary time for owners and their employees – many of them were the sole support of their families.

Although PPP loans have gone away, MariSol is honored to provide resources for small businesses as we continue to offer Micro Business Loans for working capital, equipment purchase, facility improvement, and so much more.
