## Real-time Debit Card Alerts with Free Push Notifications

Staying on top of your debit card activity is as simple as setting up **push notifications** on your mobile device. It's a great tool that lets you manage your account by tracking your spending and enhancing your security.

No more worrying if there is enough money in your account. Simply set up push notifications to alert you when your balance dips below a certain threshold. Want to see if a check has cleared or a direct deposit was made? When push notifications are enabled, you'll receive a text message when a transaction matches one of the card alerts you have set up.

Customize alerts for deposits, withdrawals, balances, cleared checks, purchases, insufficient funds, and more. You are in full control of your alerts and can change preferences at any time.

**Easy setup. Click to follow our [demo](#), or check your email for more information.**

MariSol is committed to helping low and moderate-income borrowers achieve their dream of homeownership. FHA, VA and conventional financing all have some form of mortgage insurance. Those insurance premiums go to an insurance company. But, with a MariSol Pay Yourself Mortgage, those premium dollars are paid to you instead of private FHA mortgage insurance.

## Everyone is Welcome Here

MariSol is proud to provide services to members with an ITIN (Individual Taxpayer Identification Number).

We approach every member the same. It is our mission to empower our members through financial inclusion by access to affordable and equitable financial solutions. All our members, whether they open their accounts with a social security number or an ITIN, have access to our services and low rates!
