Join the Maricopa County Solar Co-op!

Save money & stress by going solar in a group.

Saving Energy is Good for Everyone. Go Solar!

MariSol wants to help more members see the value of going solar, so we're teaming up with Solar United Neighbors (SUN), a non-profit that brings solar education to homeowners in the Phoenix Metro area and Maricopa County.

Don't miss an opportunity to learn more:

- * Understand how solar systems works
- * Learn about rebates and discounts
- * Take advantage of group pricing with no obligation to buy

Sign up for the co-op, or attend one of the upcoming info sessions by visiting:

Energy-Efficient Upgrades can Save You Money on Utility Bills

Save money on energy bills! Now is a great time to make clean energy upgrades before the weather gets really hot. We've designed the Green Sun Energy Efficient Loan to help you replace an air conditioner, heat pump, insulation, or repair ductwork. And, our 5.99% APR* will also cover a solar water heater, energy-efficient windows, or shades.

Stay cool this summer, and don't sweat those utility bills because energy efficiency is on-demand 24/7. Email lending@marisolcu.org or visit marisolcu.org for details.

Life in the Best Lane

RV ownership has grown more than 60% in the past 20 years. Of course, COVID has increased the demand even more. And it's not necessarily the older set driving those houses on wheels. Younger generations are behind the wheel too.

Have more fun with a low-rate RV loan on a new or used RV or travel trailer. We offer competitive loans for purchasing and refinancing. With terms up to 180 months, you can be on the road with affordable monthly payments. Check our rates at marisolcu.org.
